## “Exhibit X” – Hazardous Materials / MSDS Information

RE: Subcontract No.: XXXXXXXX  
Jobsite: XXXXXXXXXXXX

To Whom it May Concern:

Our employees may be in close proximity to hazardous substances your company may produce, store or use on the above referenced Jobsite. In order to comply with the OSHA Hazard Communication Standard, all contractors who could cause hazard exposure to another company’s employees are required to exchange information about the hazardous chemicals used on site.

Please advise us where your Material Safety Data Sheets (MSDS) are kept and give us all information regarding any precautionary measures needed to protect employees and any foreseeable emergency situations. If your labeling system is not based on the National Fire Protection Agency (NFPA) Hazard codes, please let us know.

Good & Roberts, LLC, maintains our MSDS information in our main office and it is also posted on site for larger projects. If you have any questions regarding hazardous materials on the jobsite, please contact the project Superintendent or our Safety Officer at our main office number, (760) 598-7614.

Please list Location of Subcontractor MSDS information below. Attach any related precautionary information as necessary. **Return this form to our office with your signed Subcontract Agreement.**

Thank you for your timely response to this request.
